

Dear Sirs,

I am writing in support of K-Love radio which transmits its signal in some areas using FM translators. I understand there is a move underway that would allow new LPFM stations to take priority over current translator service and thus, bump K-Love off the air in many areas. I urge you to not let this happen.

K-Love is a great asset to the Tucson community. I learn of local concert information, local ministry opportunities and national issues such as adoption and gay marriage that are of interest to me here in Tucson. The news division is first rate and I feel I am kept up-to-date on important news matters.

If K-Love were to be taken off the air in Tucson and replaced by an LPFM broadcaster, the community, as well as my own family would suffer. K-Love is the only station we listen to in Tucson. It is family friendly, positive and encouraging. I don't have to be concerned with song lyrics or what the DJ's are going to say next. The station provides a tremendous service to its listeners. It is the only station in Tucson of its kind.

The service provided by K-Love is absolutely in the public interest. Isn't there already enough questionable programming on the air? I submit there is. K-Love is a breath of fresh air in the midst of "anything goes" programming. Please allow this welcome "oasis" in the desert to continue serving its listeners.

Thank you.  
Kaye McDaniel
